

Approved Actions of the Commissioners

May 11, 2011

1. The minutes of the April 13, 2011 meeting were approved as submitted.
2. A motion to expand the scope of Phase I of the restoration and refurbishment of the Rowayton Community Center to include certain outbuildings, including the ice house, paddle shed, garage and cottage. The winning bid had come in significantly under the planned for amount. The amount of \$66,641 for the additional work is more than covered by the savings from the original contract. There is still a contingency amount built into the original contract which will cover cost overruns, etc.
3. The district will make necessary upgrades at the concession stand at Bayley Beach to bring the district into compliance with city and state regulations. The Commissioners approved the hiring of Roberts Mechanical Services to do the necessary work.
4. The Rowayton Library was given permission to hang Civil War art panels in the Moose Room from November 29 - December 3 this year.
